"In June last I was requested to furnish a committee of the American Bar association with information of any changes that had been made in our laws or rules of court regulating admisclons to the bar. In my opinion the time has arrived for a change in this law. Our statute authorizes the examination of applicants by the supreme court or by a committee appointed by the justices. The entire matter is committed to an examining committee appointed by the court and the report is always confirmed. These examinations should be imposed upon the supreme court and held under restrictions which would prevent the possibility of faking or favoritism. The candidate should have spent at least four years in a course of legal study."

The speaker advised the adoption in this state of the Torrens system of the registering titles to land. Attention was also invited to the necessity of legislative action for increasing judicial

MEXICAN PETE THE TRACEDY AT KEYSTONE.

And Gave Manager Traylor Twelve Hours in Which to Answer-Then the Tragedy.

Mining Camp.

The White Pine News, published at Ely, Nevada, gives the following account of the tragedy of a few days ago at the property of the New York and Nevada Mining company at Keystone: For several weeks there has been rouble here between the manager and mployes of the New York and Neada Copper company, due to a cut in he wages which that company had en paying to its employes. But little attention has been paid to the trouble by the uninterested until the past week, believing that the discontent would be amicably and speedily settled and operation resumed without serious injury to employer or employe. This it ems was not to be. Things were each day assuming a more critical and serious aspect. No acts of violence had been committed, and withat the union men had, on the whole, been able to control the actions of some conspirators among them. Then, too, there are many here, both union and non-union who believed that the actions of Supt. Traylor were not ordered or indorsed by the company; that he was actuated by purely personal motives, and was trying, to usurp the authority given him. That he had been acting under instructions is seen from

On Tuesday last the Robinson Miners' union submitted a letter to Mr. Traylor, the superintendent of the copper company, as follows: pany, as follows:

nature, and by a motion carried at our meeting this evening, you are allowed 12 hours to study it over, and if not ac-cepted and signed by you at the end of that time, namely: 12 hours from the time you receive this, we will resort to sterner measures. All men working be-low the collar of the shaft shall be considered miners and shall receive \$3.50 per day of eight hours. Also top men handling cars from cage or dumping buckets shall be considered miners and shall receive a like compensation namely; \$3.50 per day of eight hours. Firemen shall receive \$3.50 per day of eight hours. All laborers working on the surface-grading for buildings, etc., shall receive \$3.00 per day of nine hours. Furthermore, if at any time either of the parties to this agreement find it necessary to change any part or parts of the foregoing schedule they will give the other party 30 days' notice of their intentions before taking action

If we do not hear from you at the end of 12 hours, we will consider this schedule declined and will acceordingly, Yours, WM. LLOYD.

WM. LLOYD, Prest.

It appears that after serving the above notice on Mr. Traylor Wednesday morning, a large delegation of the Mi-ners' union left town on foot for Lanwhere they awaited the arrival o Mr. Traylor. When that gentleman anon the way to the mine, the union mer gentleman "what he proposed to do it regard to adopting their scale vages." To this demand he replied "tha they had given him 12 hours in which to consider the proposition and that he proposed to take the time allowed. After this short interview he was per mitted to go on his way unmolested But it appears that several members of the union were not satisfied with hi and were in favor of further pressing their demands.

From all that could be learned, it opears that a committee of six men-William Lloyd, J. E. Smith, James Staggs, Sam Johnson, Max Lambert and John Perry—undertook the job of going to the Keystone and further inerviewing Mr. Traylor, which they did with the most appalling results.

According to a statement of one of the wounded men, they all entered the office at the Keystone, where Mr. Traylor and his secretary were, at about 1 o'clock and demanded an immediat answer to their overtures. He informed them that he did not have to comply with any of the demands they made whereupon Staggs told num that they would make it their business to wait of camp; arose and attempted to get hold of him; that Traylor and his secrewithout furthr provocation, ned fire, which resulted in two men

James Staggs received one bullet in stomach and another in the eye, from which injuries he died befor E. Smith was the next man t

fall, the bullet penetrating his heart, causing instant death. Max Lambert was next shot twice the bullet passing through both of his lips and loosening his teeth, the other hattering his left shoulder blade which will necessitate amputation in order to

It is stated by eye witnesses that Traylor shot all of the above men. Sam Johnson, who was shot in the left breast, and received a wound from which he stands but little show of recovering, says that Gaskell shot him The bullet entered just below his heart and came out in the small of his back

on the right side. Jack Perry also received a wound in the right shoulder, the bullet entering just below the shoulder blade, whi bone it struck and glancing, embedded itself in the tlesh, from which it was easily extracted. He says that he was shot by Gaskell.

None of the six men had any fire

arms on them when they went into the Notwithstanding reports to the con trary, Gaskell claims that he never fired

After things became a little quiet, oth Traylor and Gaskell got into their ouggy and started for town. Arriving near Lane City, they feared again being waylaid, and turned up the canyon to

White river road, giving themselves the sheriff. When it became generally known that Traylor was in town, pandemon ium reigned for a while; threats of mob-bing and lynching were made, but no rther acts of violence were att and everything is now quiet and peace

Sheriff Newman, however, that some acts of violence might be at-tempted were the prisoners allowed to remain here, and deputized Thomas Weldon, and together they left last evening with the prisoners for Elko, where they will be confined awaiting

IS OUT OF JAIL

Came to His Rescue Last Night.

The Reason Therefore Does Not Appear, but Rumor Says Pete Will Go With the Combination.

Fortune kindly smiled upon poor old Mexican Pete last night. Saturday he fell with a hard sickening thud from the water wagon and when he regaine: hir senses he found himself in the compray of "Duckfoot Webber," Tom King and Eph Kelly in the sobering up den of the city bastile. When taken before Judge Diehl yesterday afternoon, several kindly disposed persons tried to give Pete a little good advice but he was about as good natured as a musterd plaster and would have none of it He didn't even know what he was charged with. As soon as his name was called, he jumped up and grunted

'Five days," muttered the court, Pet sat down with a look of blank amaze-

ment on his face, "Did he say five? Or was there a two before the "fiva?" But if he was sur prised then, he was more surprised last night when an officer took him out of ell and told him he was free, that sor kind friend who falled to leave h name, had paid his fine. But the bi Mexican's wonder increased when h arned later that Billy Armstrong paid he fine, but did so under instruction of big hearted Champion James J. Jer fries. The latter would neither affirm or deny the story. Pete said it was like heaping coals of fire upon his head after the way he treated Jeff. But rumer hath it that Pete has received an offer to travel to a certain point with the Jeff-Fitz combination and give an exhibition of four rounds with the cham-pion. This story is denied, however, and it is claimed that Jenries simply fe't sorry for Peter's sad plight an out of pure kindness of heart and ing a whole-souled fellow, he paid Pe ter's fine.

With External Application. When it is such a well known fact originating in the morbid distintion of the veins of the lower part of the sec flicted with this painful trouble should go on doctoring with external salves and washes, when the discased parts can only be reached by an inward apolication.

The suppositories used in Pyramid Pile Cure are composed of the most soothing and healing oils and lotions known to Materia Medica, and act on the diseased veins and surrounding tis sues like magic, giving almost instant relief. The dilated blood vessels are relieved, the irritation of the mucous membrane ceases and bleeding is

The predisposing causes of piles are such as produce fulness of the hemorr-holdal veins and impede the return of blood from them, such as constipation sedentary habits, city life, pregnancy corsels, etc.; in fact, the causes are a fully covered in agvery interesting lit tle book published by the Pyramid Drug Co., Marshall, Mich., and the same will be sent free to any address upon application.

The general principles of treatment are, according to the evident causes, active habits, attention to diet, and other hygienic rules, etc., avoidance of constipation and each night the injection of a Pyramid suppository to heal and cure the afflicted parts. That this treatment has been effective is instanced by the testimony o

thousands of people who have been per manently cured and by the evidence o druggists; the case of Mr. Samuel Gouldie, 526 Moyamensing Ave., Philadelphia, is a fair sample "For twelve long years I suffer d ter-rible torture from piles. I had been under two surgical operations, once in Cleveland, Ohio, in the year 1895, and once in Toledo, Ohio, in 1900, and also tried a number of salves and olintments

The first two or three applications gave me relief at once. I am now entirely cured and thank God for finding such a medicine as the Pyramid Pile Cure, between Jack Clifford and Toby Irwin the pair who met in San Francisco re centiy. Irwin was given the decision at that time, but 'Frisco ring followers say that the least Clifford should have been given was a draw.
